

Pulpit Announcement:

Right now, thousands of hard-working young people who were brought to the United States as infants or children can be locked up in federal detention centers and deported to countries they've never known.

The good news is that a movement is growing for a vote on the DREAM Act, which could stop this injustice by giving students who have grown up and graduated high school in the United States the opportunity to earn legal status through higher education or military service.

As Catholics, we support the DREAM Act because we believe in protecting the dignity of every human being, especially that of our children.

This is why the United States Conference of Catholic Bishops Justice for Immigrants Campaign is supporting the DREAM Act; for our children and for the future of America.

Please view the bulletin inserts, go to justiceforimmigrants.org for more information and encourage your members of congress to support the DREAM Act as well.

Thank you
